Over 100 accurate drawings examine the horse — inside and out. The skeleton, muscles, nervous system, and major organs are clearly labeled and explained.

EMT Exam Prep is completely revised and updated, and aligned to the National Review of EMT's test plan, including NREMT exam-style questions. Emergency response careers are on the rise as states and municipalities create professional, paid full-time EMT positions and move away from volunteer crews. EMT Exam Prep provides efficient review and test-taking strategies for passing the cognitive portion of the National Registry EMT exam (NREMT) from the experts at Kaplan Test Prep, as well as a full-length practice test for self-evaluation. This revised edition features: Concise review of the material tested on the cognitive exam: Airway, Respiration & Ventilation; Cardiology & Resuscitation; Medical/Obstetrics & Gynecology; Trauma; EMS Operations Test-like practice questions throughout New "Test Yourself" feature to check your retention Detailed discussion of Patient Assessment and Documentation, key EMT skills One full-length practice test with detailed answer explanations New and revised charts & tables making related sets of information distinct and memorable

The Geography Colouring Book provides a reference book of facts regarding population, land size, languages, religions, exports, climate, etc., plus information about unique geographic features and events of historic significance. Each section begins with a plate containing a political map, a physical map and regional maps. Through active participation by colouring, the student can gain a broader understanding of the material and retain more information. The text also includes a new Geographical Dictionary and covers the five nations rising out of the former Yugoslavia. It aids in recognizing countries by shape as well as location and gaining a sense of the relative sizes of nations and states *Each section begins with a plate containing a political map, a physical map, and regional maps *Through active participation, coloring the maps, students gain a broader understanding of the material and retain more information

Kaplan's Anatomy Flashcards is designed to help students of human anatomy learn and memorize the many structures and systems within the human body.
