Clean Language is an approach to soliciting information and facilitating discussion that recognises this central role of metaphors, helps us spot metaphors in other people's thoughts and our own ideas and makes those connections explicit. The premise of Clean Language is

Download File

PDF Clean

that such conscious analysis of metaphors helps understand other people better.

What Is Clean

Language? Clean

Language was first developed in the 1980s and 90s by psychotherapist David Grove as he sought to find respectful and effective ways to work with trauma victims.

And Opening Minds [EPUB]

In their excellent book, *Clean Language: Revealing Metaphors and Opening Minds*, Wendy Sullivan and Judy Rees give an in-depth yet highly accessible route-map for understanding the metaphorical nature of human perception,

Download File PDF Clean

and for developing powerful skills for working in the domain of personal metaphor. While I expected the subject to be covered in masterful detail, what I didn't anticipate was such a cogent and useful introduction to the role metaphors play in perception.
