When you were a kid, what were some of the things you dreamed of being when you grew up? What's something you wish you had asked your parents, but never did? These and other thoughtful questions will get Mom talking. One thing's for sure: Doing the interview will help make wonderful new memories, along with a volume that will be prized for generations to come.

Create a treasured keepsake with this journal for sons and daughters to complete together with their moms. When you were a kid, what did you think you were going to be when you grew up? What's something you wish you had asked your parents, but never have? Start a conversation with your mom! This book offers plenty of guided questions to get her talking about her most vivid memories and important milestones, as well as space to safeguard her favorite photos and mementos. Both parent and child will treasure this beautiful keepsake, and the precious record of your mom's life it holds.

Deborah Tannen's #1 New York Times bestseller *You Just Don't Understand* revolutionized communication between women and men. Now, in her most provocative and engaging book to date, she takes on what is potentially the most fraught and passionate connection of women 's lives: the mother-daughter relationship. It was Tannen who first showed us that men and women speak different languages. Mothers and daughters speak the same language—but still often misunderstand each other, as they struggle to find the right balance between closeness and independence. Both mothers and daughters want to be seen for who they are, but tend to see the other as falling short of who she should be. Each overestimates the other 's power and underestimates her own. Why do daughters complain that their mothers always criticize, while mothers feel hurt that their daughters shut them out? Why do mothers and daughters critique each other on the Big Three—hair, clothes, and weight—while longing for approval and understanding? And why do they scrutinize each other for reflections of themselves? Deborah Tannen answers these and many other questions as she explains why a remark that would be harmless coming from anyone else can cause an explosion when it comes from your mother or your daughter. She examines every aspect of this complex dynamic, from the dark side that can shadow a woman throughout her life, to the new technologies like e-mail and instant messaging that are transforming mother-daughter communication. Most important, she helps mothers and daughters understand each other, the key to improving their relationship. With groundbreaking insights, pitch-perfect dialogues, and deeply moving memories of her own mother, Tannen untangles the knots daughters and mothers can get tied up in. Readers will appreciate Tannen 's humor as they see themselves on every page and come away with real hope for breaking down barriers and opening new lines of communication. Eye-opening and heartfelt, *You 're Wearing That!* illuminates and enriches one of the most important relationships in our lives. " Tannen analyzes and decodes scores of conversations between moms and daughters. These exchanges are so real they can make you squirm as you relive the last fraught conversation you had with your own mother or daughter. But Tannen doesn't just point out the pitfalls of the mother-daughter relationship, she also provides guidance for changing the conversations (or the way that we feel about the conversations) before they degenerate into what Tannen calls a mutually aggravating spiral, a "self-perpetuating cycle of escalating responses that become provocations." — *The San Francisco Chronicle*

The Mom Test is a quick, practical guide that will save you time, money, and heartbreak. They say you shouldn't ask your mom whether your business is a good idea, because she loves you and will lie to you. This is technically true, but it misses the point. You shouldn't ask anyone if your business is a good idea. It's a bad question and everyone will lie to you at least a little . As a matter of fact, it's not their responsibility to tell you the truth. It's your responsibility to find it and it's worth doing right . Talking to customers is one of the foundational skills of both Customer Development and Lean Startup. We all know we're supposed to do it, but nobody seems willing to admit that it's easy to screw up and hard to do right. This book is going to show you how customer conversations go wrong and how you can do better.

Conversations between sisters reveal a deep and constant tug between two dynamics—an impulse toward closeness and an impulse toward competition. It takes just a word from your sister to start you laughing, or to summon up a past you both share. But it also takes just a word to send you into an emotional tailspin. For many women, a sister is both a devoted friend and a fierce rival. Wise and witty, *You Were Always Mom 's Favorite!* will leave you with a profound new understanding of the unique and precious sister bond, as well as provide practical advice that will open up communication, dispel tensions, and make a vital connection even stronger, deeper, and more resilient.

Learn to start open, productive talks about money with your parents as they age As your parents age, you may find that you want or need to broach the often-difficult subject of finances. In *Mom and Dad, We Need to Talk: How to Have Essential Conversations with Your Parents About Their Finances*, you 'll learn the best ways to approach this issue, along with a wealth of financial and legal information that will help you help your parents into and through their golden years. Sometimes parents are reluctant to address money matters with their adult children, and topics such as long-term care, retirement savings (or lack thereof), and end-of-life planning can be particularly touchy. In this book, you 'll hear from others in your position who have successfully had " the talk " with their parents, and you 'll read about a variety of conversation strategies that can make talking finances more comfortable and more productive. Learn conversation starters and strategies to open the lines of communication about your parents 's finances Discover the essential financial and legal information you should gather from your parents to be prepared for the future Gain insight from others ' stories of successfully talking money with aging parents Gather the courage, hope, and motivation you need to broach difficult subjects such as care facilities and end-of-life plans For children of Baby Boomers and others looking to assist aging parents with their finances, *Mom and Dad, We Need to Talk* is a welcome and comforting read. Although talking money with your parents can be hard, you aren 't alone, and this book will guide you through the process of having fruitful financial conversations that lead to meaningful action.

The author is a retired Mayo Clinic eldercare specialist.

NEW YORK TIMES BESTSELLER • A moving memoir about the legendary author 's relationship with her own mother. Emma Watson 's *Our Shared Shelf* Book Club Pick! The story of Maya Angelou 's extraordinary life has been chronicled in her multiple bestselling autobiographies. But now, at last, the legendary author shares the deepest personal story of her life: her relationship with her mother. For the first time, Angelou reveals the triumphs and struggles of being the daughter of Vivian Baxter, an indomitable spirit whose petite size belied her larger-than-life presence—a presence absent during much of Angelou 's early life. When her marriage began to crumble, Vivian famously sent three-year-old Maya and her older brother away from their California home to live with their grandmother in Stamps, Arkansas. The subsequent feelings of abandonment stayed with Angelou for years, but their reunion, a decade later, began a story that has never before been told. In *Mom & Me & Mom*, Angelou dramatizes her years reconciling with the mother she preferred to simply call " Lady, " revealing the profound moments that shifted the balance of love and respect between them. Delving into one of her life 's most rich, rewarding, and fraught relationships, *Mom & Me & Mom* explores the healing and love that evolved between the two women over the course of their lives, the love that fostered Maya Angelou 's rise from immeasurable depths to reach impossible heights. Praise for *Mom & Me & Mom* " *Mom & Me & Mom* is delivered with Angelou 's trademark good humor and fierce optimism. If any resentments linger between these lines, if lives are partially revealed without all the bitter details exposed, well, that is part of Angelou 's forgiving design. As an account of reconciliation, this little book is just revealing enough, and pretty irresistible. " —*The Washington Post* " Moving . . . a remarkable portrait of two courageous souls. " —*People* " [The] latest, and most potent, of her serial autobiographies . . . [a] tough-minded, tenderhearted addition to Angelou 's spectacular canon. " —*Elle* " Mesmerizing . . . Angelou has a way with words that can still dazzle us, and with her mother as a subject, Angelou has a near-perfect muse and mystery woman. " —*Essence*

From the cradle to college, tell your sons the truth about life before they believe the culture 's lies. For mothers with boys newborn to eighteen, *5 Conversations You MustHave with Your Son* is simply a must-have book. Award-winning youth culture commentator Vicki Courtney helps moms and dads pinpoint and prepare the discussions that should be ongoing in a boy 's formative years. Fully addressing the dynamic social and spiritual issues and other influencers at hand, several chapters are written for each of the conversations, which are: 1. Don 't let the culture define you 2. Guard your heart 3. Have a little sex respect 4. Childhood is only for a season 5. You are who you 've been becoming The book also includes questions at the end of each conversation to help facilitate individual or group study.
