The Mind On Fire

The Mind on Fire is about the unique, irreducible experience of Emerson: what he read, who he loved, where he wal. For a man who believed that biography is the only history worth reading, Emerson must have smiled in his grave when Robert Richardson, a modern master of the genre, published The Mind on Fire.

Emerson: The Mind on Fire by

Robert D. Richardson Jr.

Richardson also wrote "Henry Thoreau: A Life of the Mind," which is an intellectual biography that doesn't too much go into the everyday details of Henry's Life. "Mind on Fire" is more of a general biography yet still emphasizes what Emerson read, what and how he thought. I highly recommend both books by this author.

Robert D. Richardson Jr ...

The fire affected Emerson profoundly. he was exhausted; he became ill. His power of attention and his memory weakened visibly. Enough money had been raised for him to take a trip as well as rebuild the house. On October 23, 1872, he sailed with Ellen for England, the Continent, and Egypt. This trip too was an ending.
