The Fast Guide to Cubase 6 is the ideal companion for all users of the software, including musicians, producers, sound recordists and audio professionals. Main Description The Fast Guide to Cubase 6 provides the essential information you need to quickly master the program and also explores creative music production and advanced recording techniques.

Fast guide to Cubase 6 | University of Toronto Libraries
This is not Simon Millward's first book on Cubase, and those who have the earlier 'Fast Guide to Cubase 4' may wonder whether its worth purchasing this new version. That's a tough call. One the upside, the Cubase 4 guide was released before there was a major update to the software of Cubase 4, and the changes in this book reflect the alterations in that software that carried across to version 5.
