The team behind DC Comics LIL' GOTHAM takes readers to the halls of Ducard Academy in Gotham City, where a young Batman, Superman, and Wonder Woman start their very own Junior Detective Agency! Young Bruce Wayne is the new kid at Ducard Academy, a prep school for gifted middle school students. Bruce finds out pretty quickly that he doesn't fit in: the faculty seems to not just encourage villainous behavior from its students, but reward it. He makes friends with two other outsiders, farm boy Clark Kent and the regal Diana Prince. The three band together to form a detective squad to find out why all of these extraordinary kids have been brought together at Ducard Academy, and to see just what the faculty is plotting. An all-new series from the Eisner-nominated team behind Batman Lil' Gotham (Dustin Nguyen and Derek Fridolfs). Secret Hero Society uses comics, journal entries, and doodles to reimagine Batman, Superman, and Wonder Woman as three students in the same school. They'll try their best to solve their case, but just because you're faster than a speeding bullet, more powerful than a locomotive, or an Amazonian princess, it doesn't mean you get to stay up past eleven.

A blue crayon mistakenly labeled as "red" suffers an identity crisis in this picture book by the New York Times' bestselling creator of My Heart Is Like a Zoo. This funny, heartwarming, colorful picture book about finding the courage to be true to your inner self can be read on multiple levels, and it offers something for everyone. Funny, insightful, and colorful, Red: A Crayon's Story is about being true to your inner self and following your own path despite obstacles that may come your way. Red will appeal to fans of Lois Ehlert, Eric Carle, and The Day the Crayons Quit, and makes a great gift for readers of any age! Red has a bright red label, but he is, in fact, blue. His teacher tries to help him be red (let's draw strawberries!), his mother tries to help him be red by sending him out on a playdate with a yellow classmate (go draw a nice orange!), and the scissors try to help him be red by snipping his label so that he has room to breathe. But Red is miserable. He just can't be red, no matter how hard he tries! Finally, a brand-new friend offers a brand-new perspective, and Red discovers what readers have known all along. He's blue!

These leaders have found common ground in expressing their belief in the power of PLCs although clear differences emerge regarding their perspectives on the most effective strategy for making PLCs the norm in North America.

PREFACE. THE Author of this very practical treatise on Scotch Loch - Fishing desires clearly that it may be of use to all who had it. He does not pretend to have written anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and habits of fish has been studiously avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general. This section is interleafed with blank sheets for the readers notes. The Author need hardly say that any suggestions addressed to the case of the publishers, will meet with consideration in a future edition. We do not pretend to write or enlarge upon a new subject. Much has been said and written-and well said and written too on the art of fishing but loch-fishing has been rather looked upon as a second-rate performance, and to dispel this idea is one of the objects for which this present treatise has been written. Far be it from us to say anything against fishing, lawfully practised in any form but many pent up in our large towns will bear us out when me say that, on the whole, a days loch-fishing is the most convenient. One great matter is, that the loch-fisher is depend- ent on nothing but enough wind to curl the water, -and on a large loch it is very seldom that a dead calm prevails all day, -and can make his arrangements for a day, weeks beforehand whereas the stream- fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river, it is quite another matter to arrange for a days river-fishing, if one is looking forward to a holiday at a date some weeks ahead. Providence may favour the expectant angler with a good day, and the water in order but experience has taught most of us that the good days are in the minority, and that, as is the case with our rapid running streams, -such as many of our northern streams are, -the water is either too large or too small, unless, as previously remarked, you live near at hand, and can catch it at its best. A common belief in regard to loch-fishing is, that the tyro and the experienced angler have nearly the same chance in fishing, -the one from the stern and the other from the bow of the same boat. Of all the absurd beliefs as to loch-fishing, this is one of the most absurd. Try it. Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy, or even a cast similar to those which a crack may be using and if he catches one for every three the other has, he may consider himself very lucky. Of course there are lochs where the fish are not abundant, and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught, and where each has a fair chance. Again, it is said that the boatman has as much to do with catching trout in a loch as the angler. Well, we dont deny that. In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream-fishing...
