"It Starts With The Egg uses the latest fertility research to show that women can take a proactive stand in assuring egg health and production, complimenting physician efforts to support fertility and health. Thus the specific strategies offered here are solidly backed by the latest medical research, not idealism; and they provide women with step-by-step options that are easily followed and clearly outlined..."

Look for a brand that is pharmaceutical grade, micronized, and potency guaranteed, such as Fertinatal. The typical dose is 25 mg, three times per day. • To further boost egg quality, consider taking a melatonin supplement at the start of your next IVF cycle, when you begin injectable medications. The typical dose is a 3 mg tablet shortly ...

It starts with the egg — The Bump

"It starts with the egg" by Rebecca Fett. I looked into the excellent reviews and decided to order it from amazon. I am not going to do a book review here ...but I will mention a few things the book has made me think about. The book has certainly opened my eyes to new things I have not considered before:
