A guide to refocusing your business on those who matter most: customers and employees. Technology and social media tools have made it easier than ever for companies to communicate with consumers. They can listen and join in on conversations, solve problems, get instant feedback about their products and services, and more. So why, then, are most companies not doing this? Instead, it seems as if customer service is at an all time low, and that the few companies who are choosing to focus on their customers are experiencing a great competitive advantage. *At Your Service* explains the importance of refocusing your business on your customers and your employees, and just how to do it. Explains how to create a culture of empowered employees who understand the value of a great customer experience Advises on the need to communicate that experience to their customers and potential customers Frank Eliason, recognized by *BusinessWeek* as the 'most famous customer service manager in the US, possibly in the world,' has built a reputation for helping large businesses improve the way they connect with customers and enhance their relationships *At Your Service* will appeal to leaders, managers, business owners, customer service professionals, and anyone who wants to learn how to add value to their organization.

Incorporating the most up-to-date research available, Authors Victor C. Strasburger, Barbara J. Wilson, and Amy B. Jordan target areas most controversial and at the heart of debates about the media and public health—equipping students to approach the media as critical consumers.
