A family moves into a beautiful old home in rural Maine, not realizing the horror that awaits them from the pet cemetery and Indian burial ground behind the house.

Now a major motion picture! Stephen King's #1 New York Times bestseller is a "wild, powerful, disturbing" (The Washington Post Book World) classic about evil that exists far beyond the grave—among King's most iconic and frightening novels. When Dr. Louis Creed takes a new job and moves his family to the idyllic rural town of Ludlow, Maine, this new beginning seems too good to be true. Despite Ludlow's tranquility, an undercurrent of danger exists here. Those trucks on the road outside the Creed's beautiful old home travel by just a little too quickly, for one thing...as is evidenced by the makeshift graveyard in the nearby woods where generations of children have buried their beloved pets. Then there are the warnings to Louis both real and from the depths of his nightmares that he should not venture beyond the borders of this little graveyard where another burial ground lures with seductive promises and ungodly temptations. A blood-chilling truth is hidden there—one more terrifying than death itself, and hideously more powerful. As Louis is about to discover for himself sometimes, dead is better...

When a little boy's pet dies, and he persuades his parents to bury it in an old Indian cemetery, reputed by legend to house restless spirits, a nightmare of death and destruction begins as deceased animals come back to life, in a new edition of the best-selling novel, featuring an introduction by the author. Reprint. 30,000 first printing.

La nuova casa dei Creed è vicino a Pet Sematary, il luogo dove i ragazzi seppelliscono i propri animaletti. Ma presto la loro vita è sconvolta da forze oscure.

When a little boy's pet dies, and he persuades his parents to bury it in an old Indian cemetery, reputed by legend to house restless spirits, a nightmare of death and destruction begins

It: Chapter Two—now a major motion picture! Stephen King's terrifying, classic #1 New York Times bestseller, "a landmark in American literature" (Chicago Sun-Times)—about seven adults who return to their hometown to confront a nightmare they had first stumbled on as teenagers...an evil without a name: It. Welcome to Derry, Maine. It's a small city, a place as hauntingly familiar as your own hometown. Only in Derry the haunting is real. They were seven teenagers when they first stumbled upon the horror. Now they are grown-up men and women who have gone out into the big world to gain success and happiness. But the promise they made twenty-eight years ago calls them reunite in the same place where, as teenagers, they battled an evil creature that preyed on the city's children. Now, children are being murdered again and their repressed memories of that terrifying summer return as they prepare to once again battle the monster lurking in Derry's sewers. Readers of Stephen King know that Derry, Maine, is a place with a deep, dark hold on the author. It reappears in many of his books, including Bag of Bones, Hearts in Atlantis, and 11/22/63. But it all starts with It. "Stephen King's most mature work" (St. Petersburg Times), "It will overwhelm you...to be read in a well-lit room only" (Los Angeles Times).

In this revised and expanded edition of "The Stephen King Phenomenon," Dr. Michael R. Collings re-examines the impact of Stephen King on popular culture.

Haunting us with such unforgettable stories as The Shining, The Shawshank Redemption, Salem's Lot, Carrie, The Green Mile, and Pet Sematary, Stephen King has been an anchor of American horror, science fiction, psychological thrillers, and suspense for more than forty years. His characters have brought chills to our spines and challenged our notions of reality while leaving us in awe of the perseverance of the human spirit. The first book in the new Great Authors and Philosophy series, Stephen King and Philosophy reveals some of the deeper issues raised by King's work. From retribution, freedom, and moral relativity, to death and insanity, the chapters of this book expose how King's stories access the questions and fears that haunt each of us in the middle of the night.

Looks at the interconnected elements among the works of Stephen King, including his novels, short stories, films, teleplays, and mini-series, examining the themes, plots, characters, influences, and TV and film adaptations. Reprint. 20,000 first printing.
