Philosophically, these "Five Dialogues"--Euthyphro, Apology, Crito, Meno, Phaedo--along with Phaedrus, Symposium and the Republic form the bulk of Plato's thought on Forms and the soul. This is a great place to start. The Euthyphro is a typical early dialogue and sets the stage for the charges that face later Socrates in the Apology.

The second edition of Five Dialogues presents G. M. A. Grube's distinguished translations, as revised by John Cooper for Plato, Complete Works. A number of new or expanded footnotes are also included along with an updated bibliography.

Included in this volume are "Euthyphro," "Apology," "Crito," and the Death Scene from "Phaedo." Translated by F.J. Church. Revisions and Introduction by Robert D. Cumming.

Plato's Thought offers an excellent introduction to Plato, guiding the reader through Plato's Theory of Forms, and examining his views on art, education and statecraft. This edition includes an introduction, bibliographic essay, and bibliography by Donald Zeyl.

A Plato Reader offers eight of Plato's best-known works--Euthyphro, Apology, Crito, Meno, Phaedo, Symposium, Phaedrus, and Republic--unabridged, expertly introduced and annotated, and in widely admired translations by C. D. C. Reeve, G. M. A. Grube, Alexander Nehamas, and Paul Woodruff. The collection features Socrates as its central character and a model of the examined life. Its range allows us to see him in action in very different settings and philosophical modes: from the elenctic Socrates of the Meno and the dialogues concerning his trial and death, to the erotic Socrates of the Symposium and Phaedrus, to the dialectician of the Republic. Of Reeve's translation of this final masterpiece, Lloyd P. Gerson writes, "Taking full advantage of S. R. Slings' new Greek text of the Republic, Reeve has given us a translation both accurate and limpid. Loving attention to detail and deep familiarity with Plato's thought are evident on every page. Reeve's brilliant decision to cast the dialogue into direct speech produces a compelling impression of immediacy unmatched by other English translations currently available."

Phaedo

Plato's Meno and Phaedo are two of the most important works of ancient western philosophy and continue to be studied around the world. The Meno is a seminal work of epistemology. The Phaedo is a key source for Platonic metaphysics and for Plato's conception of the human soul. Together they illustrate the birth of Platonic philosophy from Plato's reflections on Socrates' life and doctrines. This edition offers new and accessible translations of both works, together with a thorough introduction that explains the arguments of the two dialogues and their place in Plato's thought.
