This is not just a book, its a MOVEMENT. Lisa did not choose to write Hive, Hive chose her. Kute Blackson, transformational teacher and bestselling author of You.Are.The.One. Four generations live under one roof in Columbus, Ohio, and theyve figure out to make it work: dividing responsibilities and chores, re-designing some physical spaces for privacy, and reconfiguring others into common areas for all to gather and enjoy living together. This tale of heartache, heroism, and hope is one familys multi generational social experiment, which encompasses kids in their teens, parents in their forties, grandparents in their seventies, and a ninety-plus year-old great-grandmother. Together, as they navigate the joys and challenges that come with aging in America, theyre also answering the question, How does family help you thrive at home when youre old? An Alzheimers/dementia diagnosis adds a layer of complexity, yet the family resolves to keep their eldest at home for as long as shes happy, safe and engaged in life. The younger generation learns much from their elders, and the elders from their children. While mastering the use of technology and new family systems, theyre also mastering the use of humor, tolerance, and patience. Ultimately, thats what makes this four-generation experiment a success. Practical design advice and clear-eyed strategies are mixed with personal tips and observations, making it easy to see how anyone can transform their home in into their own multi-generational living situation. Her stories are honest, both funny and poignant. The familys fiascos are counterbalanced by their many successes, the greatest one being that as individuals and as a family, they continue to thrive.

Are you comfortable making eye contact with anyone? Do you want to be able to do that? Then read Cure Your Shy Eye: Your Practical Guide To Master Eye Contact In 21 Days. 1. This is a practical book on improving eye contact. It contains only relevant and necessary information on developing the skill and habit of making eye contact. It is not about the history of eye contact, it's importance, benefits or any of that academic information. If the reader needs such information or needs to be convinced of the importance of making eye contact, this book won't be very helpful for that purpose. 2. This book is for you and your specific situation. This book does not contain general advice like 'look into the other person's eyes and that will create attraction.' It is intended and created specifically for you and your situation. That means, you will have to put effort to get clear about what you need to work on, why you want to do it and come up with your own strategies and plans to take things forward. This book will guide you to do that effectively. 3. Master the basics, rest will follow. This book is about the most basic and the most important social skill, eye contact. It's so basic and simple that it's importance is often overlooked. It is highly recommended that you read the book and master eye contact if you want to improve your social skills. If we cannot do this simple thing, if we cannot take this first step of making strong eye contact, how can we expect ourselves to improve other advanced social skills? Includes sample 21 day plan for you to master eye contact.
