Reasonable RX: Solving the Drug Price Crisis by Stan ...

Reasonable Rx: solving the drug price crisis examines how prescription drugs are discovered, marketed, and priced in the United States. Stan Finkelstein, a physician, and Peter Temin, an economist — both based at the Massachusetts Institute of Technology — bring highly distinguished backgrounds to this critique of the prescription drug business. What makes the book significant is that the authors go beyond just taking shots at how the pharmaceutical industry works today and propose a ...

Reasonable Rx eBook by Stan Finkelstein - 9780132703994 ...

The mounting U.S. drug price crisis can be contained and eventually reversed by separating drug discovery from drug marketing and by establishing a non-profit company to oversee funding for new medicines, according to two MIT experts on the pharmaceutical industry. Stan Finkelstein, M.D., senior research scientist in MIT's Engineering Systems Division, and Peter Temin, Elisha Gray II Professor of Economics, present their research and detail their proposal in their new book, "Reasonable Rx: ...
