As workers prepared to dig up his grave earlier this month, a white man waved a rebel flag, sang “Dixie” and launched an expletive-laced tirade at Shelby County Commissioner Tami Sawyer.

In 5 years, Steve Kamb has transformed himself from wanna-be daydreamer into a real-life superhero and actually turned his life into a gigantic video game: flying stunt planes in New Zealand, gambling in a tuxedo at the Casino de Monte-Carlo, and even finding Nemo on the Great Barrier Reef. To help him accomplish all of these goals, he built a system that allowed him to complete quests, take on boss battles, earn experience points, and literally level up his life. If you have always dreamed of adventure and growth but can't seem to leave your hobbit-hole, Level Up Your Life is for you. Kamb will teach you exactly how to use your favorite video games, books, and movies as inspiration for adventure rather than an escape from the grind of everyday life. Hundreds of thousands of everyday Joes and Jills have joined Steve's Rebellion through his popular website, NerdFitness.com, and leveled up their lives—losing weight, getting stronger, and living better. In Level Up Your Life, you'll meet more than a dozen of these members of The Rebellion: men and women, young and old, single and married, from all walks of life who have created superhero versions of themselves to live adventurously and happily. Within this guide, you'll follow in their footsteps and learn exactly how to:

- Create your own “Alter Ego” with real-life super powers
- Build your own Epic Quest List, broken into categories and difficulty levels
- Hack your productivity habits to start making progress
- Train your body for any adventure
- Build in rewards and accountability that will actually motivate you to succeed
- Travel the world freely (and cheaply)
- Recruit the right allies to your side and find powerful mentors for guidance

Adventure is out there, and the world needs more heroes. Will you heed the call?

It's never too late to get in the best shape of your life! You've tried everything to try to get in shape; the latest diet, quick fixes, diet pills, shakes, gadgets, but to no avail. None of it has worked. Why? It's all bullshit. You want to get in shape and STAY in shape. You're done with feeling hopeless, helpless, and stuck in your body. Author Jane Elizabeth has been where you are and discovered what actually WORKS. She conquered obesity and asthma through plant-based nutrition and fitness, losing over 80 pounds in eighteen months. With a passion for serving others, Jane created the Badass Rebel Runners Program. Combining her edgy personality, witty sense of humor, and her personal experience in fitness and family life, Jane will teach you how to:

- * Get in shape and FINALLY stay in shape
- * Zip up a freaking pair of jeans without a fight
- * Break the cycle of unhealthy habits
- * Be the role model you want to be for your children
- * Choose self-love without feeling selfish
- * Stop the diet bullshit once and for all

If you have always wanted to be FIT but you don't know how to get it done, Become a Badass Rebel Runner is your beacon in the darkness.

Written by Stu Maschwitz, co-founder of the Orphanage (the legendary guerrilla visual effects studio responsible for amazing and award-winning effects in such movies as Sin City, The Day After Tomorrow, and Harry Potter and the Goblet of Fire), this book is a must-have for all those budding filmmakers and students who want to produce action movies with visual effects but don't have Hollywood budgets. The Orphanage was created by three twenty-something visual effects veterans who wanted to make their own feature films and discovered they could do this by utilizing home computers, off the shelf software, and approaching things artistically. This guide details exactly how to do this: from planning and selecting the necessary cameras, software, and equipment, to creating specific special effects (including gunfire, Kung Fu fighting, car chases, dismemberment, and more) to editing and mixing sound and music. Its mantra is that the best, low-budget action moviemakers must visualize the end product first in order to reverse-engineer the least expensive way to get there. Readers will learn how to integrate visual effects into every aspect of filmmaking—before filming, during filming and with “in camera” shots, and with computers in postproduction. Throughout the book, the author makes specific references to and uses popular action movies (both low and big-budget) as detailed examples—including El Mariachi, La Femme Nikita, Die Hard, and Terminator 2. Note from the Publisher: If you have

Do you want to start teaching a language online, be your own boss and be able to work from anywhere that has wifi? Do you want to make a difference in the world by using your language skills to empower people and give them the confidence they need to develop? This timely book covers everything needed to set up a successful online language teaching business, from creating the right mindset, tech and marketing, to designing products and services, finding students online, growing your business and more. More than a manual, it is also a rallying call for language teachers - or language teacher rebels - to share cultural values beyond the traditional classroom and encourage integration on a worldwide scale. An accompanying Language Teacher Rebel Toolkit, containing a comprehensive set of editable, effective and time-saving templates for all the essential documents needed to set up and run an online language teaching business, is available for sale at library.teachyourself.com. Including planners, email scripts and financial templates, this toolkit has everything you need to get organised and get teaching.

A No-Nonsense, Take-No-Prisoners Plan for Earning Positive Return on Your Email Marketing! "They" say email is dead. Baloney! 94% of Americans use email. Passionate social networkers use email more, not less. Mobile email is huge. Email offers marketers more opportunities than ever...opportunities to guide customers from consideration and trial to repeat purchase, loyalty, even advocacy! But email has changed. Email users have changed. To get breakthrough results, you must break the rules! Whether you're B2B or B2C, Fortune 500 or startup, this is a complete no-nonsense plan for transforming your email marketing. Discover radically better ways to handle every facet of your campaign: lists, From names, Subject lines, calls to action, social network integration...everything! Learn how to Discover which email marketing "rules" are obsolete--and when to break the rest Optimize every component of your message and campaign Drive list growth that translates directly into the top line Encourage opt-in by systematically simplifying signup Bring real humor and creativity back into your email Write a great main call to action--and great secondary and tertiary calls, too Take full advantage of tools ranging from QR codes to texting to grow your email list Make better technical decisions about prechecked opt-in boxes and other attributes Know when to deliberately introduce "imperfections" into your emails Use email marketing and social media to power each other Prepare for the short- and long-term futures of email marketing

What do you do when you've already won the game of life? Share the secrets you've learned so everyone else can win too! At least, that's what we decided to do. After all, we didn't set out to win anything when we each took a chance on ourselves and followed our dreams. We both just knew there had to be something more than the unfulfilling lives we were living. We each took a step and the Universe rose up to meet us--taking us on a wild adventure up the mountain of success, health, fitness, happiness, love, fulfillment, and inner peace. Now, we wake up every day feeling like we've won the game of life. How could we possibly keep all this goodness to ourselves? A Creative Rebel's Guide to Winning the Game of Life is coming soon from the minds behind the blockbuster New York Times, #1 Wall Street Journal, and USA Today bestselling romance brand Meghan March--the epic wife and husband team, Meggan and Jacob Wilson. Prepare yourself for self-help like you've never read before. Books are magic. They can change your life--especially this one.

Master every detail of this exciting new touchscreen dSLR Canon's new introductory-level dSLR camera boasts some revolutionary features that will be new even to Canon veterans. In this groundbreaking analysis of personality type, bestselling author of Better Than Before and The Happiness Project Gretchen Rubin reveals the one simple question that will transform what you do at home, at work, and in life. During her multibook investigation into understanding human nature, Gretchen Rubin realized that by asking the seemingly dry question "How do I respond to expectations?" we gain explosive self-knowledge. She discovered that based on their answer, people fit into Four Tendencies: Upholders, Questioners, Obligers, and Rebels. Our Tendency shapes every aspect of our

Read Free Rebel Fitness Guide

behavior, so using this framework allows us to make better decisions, meet deadlines, suffer less stress, and engage more effectively. More than 600,000 people have taken her online quiz, and managers, doctors, teachers, spouses, and parents already use the framework to help people make significant, lasting change. The Four Tendencies hold practical answers if you've ever thought: • People can rely on me, but I can't rely on myself. • How can I help someone to follow good advice? • People say I ask too many questions. • How do I work with someone who refuses to do what I ask—or who keeps telling me what to do? With sharp insight, compelling research, and hilarious examples, The Four Tendencies will help you get happier, healthier, more productive, and more creative. It's far easier to succeed when you know what works for you.

There was a time when a man would be no more likely to look at a guide to fitness than he would be to ask for directions. Well, times have changed. Now we all need to look like models and for most blokes that means hard work. Giving up (or cutting down) on the beer and tobacco, eating a balanced diet (whatever that is) and taking more exercise than a stroll to the bar. This book contains 20 simple ideas to start you off on the route to total fitness. You'll find out what to eat, the best exercises for fitness and muscle tone and how to build both of these into your daily life with the minimum of effort. You might even enjoy it!
