Life-Changing Inspiration. Unwavering Support. Scrolls have always been considered sacred, filled with prophecy and direction. Realizing that today's spiritual leaders fill a similar role, filmmaker Parrish Smith created the award-winning documentary series The Scroll, featuring modern-day prophets revealing more of themselves, their journeys, and their invaluable insights than ever before. Now, Parrish Smith draws on the words of America's most beloved spiritual leaders to create a guide full of contemporary wisdom that will uplift and encourage you through life's unexpected challenges. Finding our life's purpose. Creating lasting relationships. Surviving tragedy. Releasing self-destructive thoughts. These are just some of the trials faced—and joyously overcome—in these heartfelt accounts that are as healing as they are unforgettable. Featuring illustrative Bible verses, related parables, and transformative advice, The Scroll is a timely resource filled with the faith and inspiration that will lead you to life's greatest rewards. Featuring Bishop T.D. Jakes * Bishop Hezekiah Walker, Jr. * Dr. Calvin O. Butts, III * Rev. Bernice A. King * Rev. Al Sharpton, Jr. * Rev. Jesse L. Jackson, Sr. * Bishop George C. Stanley Dumornay Parrish Smith is an award winning filmmaker whose projects have appeared on numerous networks and at film festivals. As a child and the son of a preacher, he always fell asleep in church. Nevertheless, it was the storytelling used by preachers during their sermons that engaged him, making the Word relevant to everyday life. Now, he strives to create projects that make a difference in people's lives, leaving them inspired. The Scroll is his first film and book combination that uses the stories of wise and insightful spiritual leaders as a way to assist people as they face life's struggles. Visit his website, TheScrollMovie.com, for information about his projects.

A companion to the feature-length film series of the same name weaves together anecdotes of the most prolific, high-profile ministers, evangelists, and church leaders of the 21st century in the African-American community.

We must be reminded that there are forces outside the church warring against us. These forces at times can be and are merciless and treacherous. But we are informed through the word of God that we are more than conquerors in Christ Jesus. It is not just the outside forces which attack the church that present obstacles to the church that we want to emphasize and recognize, but primarily the inside forces that corrode and erode the infrastructure of the small church. It is tragic enough to deal with trouble from outside of the church, but it's worse when those who should work for the well-being of the church become part of the problem and not part of the solution. It's not the circumstances of life that people have little or no control over that directly holds the small church hostage, but it's the circumstances in life that people have a reasonable amount of, or a lot of control of, that holds the small church hostage. Through these writings, awareness, and enlightenment will come to this devastating quagmire that plagues many of our churches. We will no longer continue to be in danger of being The Church Held Hostage.

The weekly source of African American political and entertainment news.

Limnology is the study of the structural and functional interrelationships of organisms of inland waters as they are affected by their dynamic physical, chemical, and biotic environments. *Limnology: Lake and River Ecosystems*, 3rd Edition, is a new edition of this established classic text. The coverage remains rigorous and uncompromising and has been thoroughly reviewed and updated with evolving recent research results and theoretical understanding. In addition, the author has expanded coverage of lakes to reservoir and river ecosystems in comparative functional analyses.

In this dynamic and wide-ranging collection of essays, prominent scholars examine the condition of church-state relations in the United States, France, and Israel. Their analyses are rooted in a wide variety of disciplines, ranging from ethnography and demography to political science, gender studies, theology, and the law.

This book presents the first introduction to African American academic philosophers, exploring their concepts and ideas and revealing the critical part they have played in the formation of philosophy in the USA. The book begins with the early years

of educational attainment by African American philosophers in the 1860s. To demonstrate the impact of their philosophical work on general problems in the discipline, chapters are broken down into four major areas of study: Axiology, Social Science, Philosophy of Religion and Philosophy of Science. Providing personal narratives on individual philosophers and examining the work of figures such as H. T. Johnson, William D. Johnson, Joyce Mitchell Cooke, Adrian Piper, William R. Jones, Roy D. Morrison, Eugene C. Holmes, and William A. Banner, the book challenges the myth that philosophy is exclusively a white academic discipline. Packed with examples of struggles and triumphs, this engaging introduction is a much-needed approach to studying philosophy today.
