Even then, there are only a few that I would really recommend reading before DT. Copying from an older thread: Salem's Lot (read before Book 5, Wolves of the Calla) The Stand (read before Book 4, Wizard and Glass) Insomnia (read before Book 7, The Dark Tower) Hearts in Atlantis - specifically, the first story, Low Men in Yellow Coats (read before Book 7)

I ' ll tell you why: the series ' eight core books number 4,250 pages. That ' s a lot of material to sift through. But beyond that, The Dark Tower is enhanced by reading several other of Stephen King ' s books, as well.

The Dark Tower: An Introductory Guide and Expanded Reading ...

The Gunslinger Born is an adaptation of Stephen King ' s fourth Dark Tower novel, Wizard and Glass. It tells the story of Roland Deschain, a gunslinger apprentice who is goaded by his father ' s treacherous sorcerer into facing his coming-of-age test at the unheard-of age of fourteen.

It: Chapter Two—now a major motion picture! Stephen King ' s terrifying, classic #1 New York Times bestseller, “ a landmark in American literature ” (Chicago Sun-Times)—about seven adults who return to their hometown to confront a nightmare they had first stumbled on as teenagers...an evil without a name: It. Welcome to Derry, Maine. It ' s a small city, a place as hauntingly familiar as your own hometown. Only in Derry the haunting is real. They were seven teenagers when they first stumbled upon the horror. Now they are grown-up men and women who have gone out into the big world to gain success and happiness. But the promise they made twenty-eight years ago calls them reunite in the same place where, as teenagers, they battled an evil creature that preyed on the city ' s children. Now, children are being murdered again and their repressed memories of that terrifying summer return as they prepare to once again battle the monster lurking in Derry ' s sewers. Readers of Stephen King know that Derry, Maine, is a place with a deep, dark hold on the author. It reappears in many of his books, including Bag of Bones, Hearts in Atlantis, and 11/22/63. But it all starts with It. “ Stephen King ' s most mature work ” (St. Petersburg Times), “ It will overwhelm you...to be read in a well-lit room only ” (Los Angeles Times).

The tie-in edition of the nine-part CBS All Access series starring Whoopi Goldberg, Alexander Skarsgard, and James Marsden. When a man escapes from a biological testing facility, he sets in motion a deadly domino effect, spreading a mutated strain of the flu that will wipe out 99 percent of humanity within a few weeks. The survivors who remain are scared, bewildered, and in need of a leader. Two emerge--Mother Abigail, the benevolent 108-year-old woman who urges them to build a peaceful community in Boulder, Colorado; and Randall Flagg, the nefarious "Dark Man," who delights in chaos and violence. As the dark man and the peaceful woman gather power, the survivors will have to choose between them--and ultimately decide the fate of all humanity.

Four novellas from Stephen King bound together by the changing of seasons, each taking on the theme of a journey with strikingly different tones and characters. This gripping collection begins with "Rita Hayworth and the Shawshank Redemption," in which an unjustly imprisoned convict seeks a strange and startling revenge--the basis for the Best Picture Academy Award-nominee The Shawshank Redemption. Next is "Apt Pupil," the inspiration for the film of the same name about top high school student Todd Bowden and his obsession with the dark and deadly past of an older man in town. In "The Body," four rambunctious young boys plunge through the facade of a small town and come face-to-face with life, death, and intimations of their own mortality. This novella became the movie Stand By Me. Finally, a disgraced woman is determined to triumph over death in "The Breathing Method."--Provided by publisher.

Master storyteller Stephen King presents the classic “ wondrously frightening ” (Publishers Weekly) #1 New York Times bestseller about a writer ’ s horrific and haunting pseudonym. “ I ’ m back...I ’ m back from the dead and you don ’ t seem glad to see me at all, you ungrateful son of a bitch. ” After thirteen years of international bestseller stardom with his works of violent crime fiction, author George Stark is officially declared dead—revealed by a national magazine to have been killed at the hands of the man who created him: the once well-regarded but now obscure writer Thad Beaumont. Thad ’ s even gone so far as to stage a mock burial of his wildly successful pseudonym, complete with tombstone and the epitaph “ Not a Very Nice Guy. ” Although on the surface, it seems that Thad can finally concentrate on his own novels, there ’ s a certain unease at the prospect of leaving George Stark behind. But that ’ s nothing compared to the horror about to descend upon Thad ’ s new life. There are the vicious, out-of-control nightmares, for starters. And how is he able to explain the fact that everyone connected to George Stark ’ s untimely demise is now meeting a brutal end of their own in a pattern of homicidal savagery...and why each blood-soaked crime scene has Thad ’ s fingerprints all over it? Thad Beaumont may have once believed that George Stark was running out of things to say, but he ’ s going to find out just how wrong he is..

Originally published: New York: Scribner, 2014.

It began -- and ended -- in 1958 when seven children searched in the drains beneath Derry for an evil creature, but in 1985, Mike, once one of those children, makes six phone calls and disinters an unremembered promise that sets off the ultimate terror.

In the middle of the night, in a house on a quiet street in suburban Minneapolis, intruders silently murder Luke Ellis' parents and load him into a black SUV. The operation takes less than two minutes. Luke will wake up at The Institute, in a room that looks just like his own, except there's no window. And outside his door are other doors, behind which are other kids with special talents--telekinesis and telepathy--who got to this place the same way Luke did: Kalisha, Nick, George, Iris, and 10-year-old Avery Dixon. They are all in Front Half. Others, Luke learns, graduated to Back Half, "like the roach motel," Kalisha says. "You check in, but you don't check out." In this most sinister of institutions, the director, Mrs. Sigsby, and her staff are ruthlessly dedicated to extracting from these children the force of their extranormal gifts. There are no scruples here. If you go along, you get tokens for the vending machines. If you don't, punishment is brutal. As each new victim disappears to Back Half, Luke becomes more and more desperate to get out and get help. But no one has ever escaped from The Institute.

A USA TODAY BESTSELLER In this thrilling sequel to the New York Times bestselling novella by Stephen King and award-winning author Richard Chizmar, an adult Gwendy is summoned back to Castle Rock after the mysterious reappearance of the button box. Something evil has swept into the small Maine town of Castle Rock on the heels of the latest winter storm. Sheriff Norris Ridgewick and his team are desperately searching for two missing girls, but time is running out. In Washington, DC, thirty-seven-year-old Gwendy Peterson couldn't be more different from the self-conscious teenaged girl who once spent a summer running up Castle Rock ’ s Suicide Stairs. That same summer, she had been entrusted—or some might say cursed—with the extraordinary button box by Richard Farris, the mysterious stranger in the black suit. The seductive and powerful box offered Gwendy small gifts in exchange for its care and feeding until Farris eventually returned, promising the young girl she ’ d never see the box again. One day, though, the button box suddenly reappears but this time, without Richard Farris to explain why, or what she ’ s supposed to do with it. Between this and the troubling disappearances back in Castle Rock, Gwendy decides to return home. She just might be able to help rescue the missing girls and stop a dangerous madman before he does something ghastly. With breathtaking and lyrical prose, Gwendy ’ s Magic Feather explores whether our lives are controlled by fate or the choices we make and what price we sometimes have to pay. Prepare to return again to Stephen King ’ s Castle Rock, the sleepy little town built on a bedrock of deep, dark secrets, just as it ’ s about to awaken from its quiet slumber once more.

King mesmerizes readers with fiction deeply rooted in the sixties, exploring in five interconnected narratives, spanning 1960 to 1999, the haunting legacy of the Vietnam War. "Engaging . . . King's gift of storytelling is rich".--"The Los Angeles Times Book Review".
