Now, with THE BOOK OF UNKNOWN AMERICANS, Henríquez offers a work of fiction that is both intimate and universal, a story of a first love between two young people --- and the global twists of fate that brought them and their families together.

"Illuminate[s] the lives behind the current debates about Latino immigration." —The New York Times Book Review When fifteen-year-old Maribel Rivera sustains a terrible injury, the Riveras leave behind a comfortable life in Mexico and risk everything to come to the United States so that Maribel can have the care she needs. Once they arrive, it's not long before Maribel attracts the attention of Mayor Toro, the son of one of their new neighbors, who sees a kindred spirit in this beautiful, damaged outsider. Their love story sets in motion events that will have profound repercussions for everyone involved. Here Henríquez seamlessly interweaves the story of these star-crossed lovers, and of the Rivera and Toro families, with the testimonials of men and women who have come to the United States from all over Latin America. The Book of Unknown Americans is a stunning novel of hopes and dreams, guilt and love—a book that offers a resonant new definition of what it means to be American. Named a New York Times and Washington Post Notable Book, an NPR Great Read, The Daily Beast's Novel of the Year, and a Mother Jones, Oprah.com, School Library Journal, and BookPage Best Book of the Year

A dazzling, heartbreaking page-turner destined for breakout status: a novel that gives voice to millions of Americans as it tells the story of the love between a Panamanian boy and a Mexican girl: teenagers living in an apartment block of immigrant families like their own. After their daughter Maribel suffers a near-fatal accident, the Riveras leave Mexico and come to America. But upon settling at Redwood Apartments, a two-storey cinderblock complex just off a highway in Delaware, they discover that Maribel's recovery--the piece of the American Dream on which they've pinned all their hopes--will not be easy. Every task seems to confront them with language, racial and cultural obstacles. At Redwood also lives Mayor Toro, a high school sophomore whose family arrived from Panama fifteen years ago. Mayor sees in Maribel something others do not: that beyond her lovely face, and beneath the damage she's sustained, is a gentle, funny and wise spirit. But as the two grow closer, violence casts a shadow over all their futures in America. Peopled with deeply sympathetic characters, the novel unfolds during a single transformative year, telling a riveting and poignant story of unflinching honesty and humanity and an unforgettable, wholly unsentimental tale of young love; and offering a new, resonant definition of what it means to be an American. An instant classic is born.

When Alma Rivera arrives in Delaware she is full of the promise and possibilities of her new home. Hope that her daughter Maribel will be helped by the specialist support US education can provide, and faith that her husband Arturo will flourish in a country that celebrates the hard-working. But life without status, money, family and friends soon becomes unmanageable and violent. Told through a range of perspectives written with compassion and grace, Cristina Henríquez gives voice to the displaced and the unknown, and shows what it means to uproot your life in search of something better.

Moving from Mexico to America when their daughter suffers a near-fatal accident, the Riveras confront cultural barriers, their daughter's difficult recovery and her developing relationship with a Panamanian boy. By the author of *Come Together, Fall Apart*. 75,000 first printing.

Miraflores has never known her father, and until now, she's never thought that he wanted to know her. She's long been aware that her mother had an affair with him while she was stationed with her then husband in Panama, and she's always assumed that her p

These eight short stories and novella travel from Panama's dusty city streets to its humid beaches to create an affecting portrait of a country in transition. They illustrate family bonds and generational conflicts, youthful infatuation and genuine passion. Tender, ambitious, bold, and unflinching, they herald the arrival of a fresh, exciting, and lavishly talented new voice in American literature.

As renowned historian Roger Daniels shows in this brilliant new work, America's inconsistent, often illogical, and always cumbersome immigration policy has profoundly affected our recent past. The federal government's efforts to pick and choose among the multitude of immigrants seeking to enter the United States began with the Chinese Exclusion Act of 1882. Conceived in ignorance and falsely presented to the public, it had undreamt of consequences, and this pattern has been rarely deviated from since. Immigration policy in Daniels' skilled hands shows Americans at their best and worst, from the nativist violence that forced Theodore Roosevelt's 1907 "gentlemen's agreement" with Japan to the generous refugee policies adopted after World War Two and throughout the Cold War. And in a conclusion drawn from today's headlines, Daniels makes clear how far ignorance, partisan politics, and unintended consequences have overtaken immigration policy during the current administration's War on Terror. Irreverent, deeply informed, and authoritative, *Guarding the Golden Door* presents an unforgettable interpretation of modern American history.

Despite the advances of the civil rights movement, many white southerners cling to the faded glory of a romanticized Confederate past. In *The Making of a Confederate*, William L. Barney focuses on the life of one man, Walter Lenoir of North Carolina, to examine the origins of southern white identity alongside its myriad ambiguities and complexities. For Lenoir and many fellow Confederates, the war never really ended. As he tells this compelling story, Barney offers new insights into the ways that (selective) memory informs history; through Lenoir's life, readers learn how individual choices can transform abstract historical processes into concrete actions.

This sweeping multi-generational love story introduces readers to mother-and-daughter pair Marilyn and Angie. To seventeen-year-old Angie, who is mixed-race, Marilyn is her hardworking, devoted white single mother. But Marilyn was once young, too. When Marilyn was seventeen, she fell in love with Angie's father, James, who was African-American. But Angie's never met him, and Marilyn has always told her he died before she was born. When Angie discovers evidence of an uncle she's never met she starts to wonder: What if her dad is still alive, too? So she sets off on a journey to find him, hitching a ride to LA from her home in New Mexico with her ex-boyfriend, Sam. Along the way, she uncovers some hard truths about herself, her mother, and what truly happened to her father.

"The Rain God is a lost masterpiece that helped launch a legion of writers. Its return, in times like these, is a plot twist that perhaps only Arturo Islas himself could have conjured. May it win many new readers." — Luis Alberto Urrea, bestselling author of *The House of Broken Angels* and *The Hummingbird's Daughter* "Rivers, rivulets, fountains and waters flow, but never return to their joyful beginnings; anxiously they hasten on to the vast realms of the Rain God." A beloved Southwestern classic—as beautiful, subtle and profound as the desert itself—Arturo Islas's *The Rain God* is a breathtaking masterwork of contemporary literature. Set in a fictional small town on the Texas-Mexico border, it tells the funny, sad and quietly outrageous saga of the children and grandchildren of Mama Chona the indomitable matriarch of the Angel clan who fled the bullets and blood of the 1911 revolution for a gringo land of promise. In bold creative strokes, Islas paints an unforgettable family portrait of souls haunted by ghosts and madness—sinners torn by loves, lusts and dangerous desires. From gentle hearts plagued by violence and epic delusions to a child who can foretell the coming of rain in the sweet scent of angels, here is a rich and poignant tale of outcasts struggling to live and die with dignity . . . and to hold onto their past while embracing an unsteady future.
