The Domestic Violence Sourcebook - Ce4less

Violence is a significant problem in the United States. From infants to the elderly, it affects people in all stages of life. In 1992, CDC established the National Center for Injury Prevention and Control (NCIPC) as the lead federal organization for violence prevention. CDC is committed to stopping violence before it begins.

Domestic violence sourcebook (eBook, 2009) [WorldCat.org]

Victim/survivors of domestic violence are asked to tell their stories many times, in different contexts, and for different audiences. These stories are contextualized for the new context and audience at the same time that they become texts – entextualization – in that context. This article argues that narrative is produced via the co-processes of entextualization and contextualization ...

Entextualizing and contextualizing the status quo in ...

In The Domestic Violence Sourcebook, psychologist and author Susan Forward has described abuse as “any behavior that is interceded to control and subjugate another human being through the use of fear, humiliation and verbal or physical assaults... it is the systematic persecution of one partner by another.”
