As a botanist, Robin Wall Kimmerer has been trained to ask questions of nature with the tools of science. As a member of the Citizen Potawatomi Nation, she embraces the notion that plants and animals are our oldest teachers. In *Braiding Sweetgrass*, Kimmerer brings these two lenses of knowledge together to take us on “ a journey that is every bit as mythic as it is scientific, as sacred as it is historical, as clever as it is wise ” (Elizabeth Gilbert). Drawing on her life as an indigenous scientist, and as a woman, Kimmerer shows how other living beings—asters and goldenrod, strawberries and squash, salamanders, algae, and sweetgrass—offer us gifts and lessons, even if we've forgotten how to hear their voices. In reflections that range from the creation of Turtle Island to the forces that threaten its flourishing today, she circles toward a central argument: that the awakening of ecological consciousness requires the acknowledgment and celebration of our reciprocal relationship with the rest of the living world. For only when we can hear the languages of other beings will we be capable of understanding the generosity of the earth, and learn to give our own gifts in return.

Bestselling author Sherman Alexie tells the story of Junior, a budding cartoonist growing up on the Spokane Indian Reservation. Determined to take his future into his own hands, Junior leaves his troubled school on the rez to attend an all-white farm town high school where the only other Indian is the school mascot. Heartbreaking, funny, and beautifully written, *The Absolutely True Diary of a Part-Time Indian*, which is based on the author's own experiences, coupled with poignant drawings by Ellen Forney that reflect the character's art, chronicles the contemporary adolescence of one Native American boy as he attempts to break away from the life he was destined to live. With a forward by Markus Zusak, interviews with Sherman Alexie and Ellen Forney, and four-color interior art throughout, this edition is perfect for fans and collectors alike.

In *Reproductive Justice*, sociologist Barbara Gurr provides the first analysis of Native American women's reproductive healthcare and offers a sustained consideration of the movement for reproductive justice in the United States. The book examines the reproductive healthcare experiences on Pine Ridge Reservation, home of the Oglala Lakota Nation in South Dakota—where Gurr herself lived for more than a year. Gurr paints an insightful portrait of the Indian Health Service (IHS)—the federal agency tasked with providing culturally appropriate, adequate healthcare to Native Americans—shedding much-needed light on Native American women's efforts to obtain prenatal care, access to contraception, abortion services, and access to care after sexual assault. *Reproductive Justice* goes beyond this local story to look more broadly at how race, gender, sex, sexuality, class, and nation inform the ways in which the government understands reproductive healthcare and organizes the delivery of this care. It reveals why the basic experience of reproductive healthcare for most Americans is so different—and better—than for Native American women in general, and women in reservation communities particularly. Finally, Gurr outlines the strengths that these communities can bring to the creation of their own reproductive justice, and considers the role of IHS in fostering these strengths as it moves forward in partnership with Native nations. *Reproductive Justice* offers a respectful and informed analysis of the stories Native American women have to tell about their bodies, their lives, and their communities.

The “fascinating” #1 New York Times bestseller that awakened the world to the destruction of American Indians in the nineteenth-century West (*The Wall Street Journal*). First published in 1970, *Bury My Heart at Wounded Knee* generated shockwaves with its frank and heartbreaking depiction of the systematic annihilation of American Indian tribes across the western frontier. In this nonfiction account, Dee Brown focuses on the betrayals, battles, and massacres suffered by American Indians between 1860 and 1890. He tells of the many tribes and their renowned chiefs—from Geronimo to Red Cloud, Sitting Bull to Crazy Horse—who struggled to combat the destruction of their people and culture. Forcefully written and meticulously researched, *Bury My Heart at Wounded Knee* inspired a generation to take a second look at how the West was won. This ebook features an illustrated biography of Dee Brown including rare photos from the author's personal collection.

A grandmother's love is forever In this mystical story of remembrance and tradition, Sister Girl and her brother, Young Wolf, wander far from their village and face great danger, including stampeding animals and a wall of fire. The children barely save themselves, and as night approaches, they find themselves alone in the barren and unforgiving wilderness. How will they find home? As the stars shine brightly, the spirit of their grandmother, Elk Tooth Woman, appears to guide them: “The Star People are always with you. Look up, and you will see me among the stars.” S. D. Nelson's compelling illustrations, inspired by the ledger-book style of the Plains Indians, capture the beauty of humans and nature existing as one.

Investigates the enigmatic Native American figure, assessing critical battles attributed to his leadership within a context of the Great Sioux Wars, exploring the relationships between the Lakota Sioux and other tribes and analyzing the subjugation of North Plains Native Americans. Reprint.

BEHIND ENEMY LINES Continues the saga of David Hampton in *THE LAST MISSION*. David parachutes from his burning fighter, his face

burned and eye sight blurry, finds himself deep inside Germany. A Jewish partisan finds him and takes him in, tending to his wounds. A Jewish doctor and his daughter keep him hidden in their attic. Gestapo raids the farm and arrests the Jews. David is taken captive and shipped with them in cattle cars to a Nazi death camp. David escapes and reverts back to his Lakota upbringing, his Native Wisdom, to elude his captors. He joins a resistance group and steals an FW-190, and begins bringing the war home to the Nazis inside Germany. A captivating, superbly written novel of combat flying, peopled by real warriors who went up daily. The heart wrenching love story is equally intense.--ED McGAA, EAGLE MAN, USMC 110 missions Vietnam - F4B Phantoms Author of Eagle Vision and Mother Earth Spirituality. David Hampton adapted to the white mans world, still he kept the old ways, his grandfathers ways, in his heart. He believed in Wakan Tanka, and Mother Earth, who would provide him everything he needed. Grandfather had taught him the ways of his ancestors. Each summer they would go into the Black Hills, they would live off the land. Now, you go to the store and buy everything you need. It has not always been that way. He learned to live off the land, his ancestors did; now he would do so also. Something moved on the bank opposite him and he looked up. There was a woman standing on the bank watching him. She had a Schmauser machinegun pistol hanging by a sling from her shoulder. Her right hand was on the grip and a finger on the trigger. She was tall and although she wore mens bulky clothing, he could not help but notice a well developed figure. Her hair was done up in a ball at the back of her head and she wore a large fur hat. Her face was plain, not pretty, but not ugly by any means. Her lips were large and looked as though she was pouting over something.

Presents the four principles of leadership and philosophy embraced by the Sioux chief Crazy Horse, and explains that each individual has the ability within to influence others and become a leader.
