Question how American democracy is developing The Struggle for Democracy provides students with an understanding of the American political process and with the tools to critically evaluate that process. This text focuses on the role that democracy has played in the American story and asks students how democracy is-or isn't-revealed in our politics and government. It encourages students to examine how deeply connected politics and government are with historical, economic, and social influences. The Struggle for Democracy both strengthens a fundamental aspect of critical thinking and tells a unique story of our country's political development. This text features full integration with the New MyPoliSciLab. MyPoliSciLab includes a wide array of resources to encourage students to look at American politics like a political scientist and analyze current political issues. Political Explorer lets students play the role of a political scientist by investigating issues through interactive data. Core Concept videos discuss the big ideas in each chapter and apply them to key political issues. Simulations allow students to experience how political leaders make decisions. A better teaching and learning experience This program provides a better teaching and learning experience for you and your students. Here's how: Personalize Learning The New MyPoliSciLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. MyPoliSciLab is now compatible with BlackBoard! Engage Students-The stunning visual design engages students in the text. Improve Critical Thinking- Learning objectives in every chapter help students focus on important topics. Analyze Current Events-Coverage of the 2012 elections keeps the study of politics relevant and shows how political scientists look at the development of the American political system. Support Instructors- A full supplements package including the Class Preparation Tool in the New MyPoliSciLab is available. Note: MyPoliSciLab does not come automatically packaged with this text. ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Updated in a new 10th edition, The Struggle for Democracy challenges students to think critically about American government and to evaluate the quality of democracy in America within a unique framework that offers a holistic view of our system. Its critical thinking approach to politics, features, and narrative are designed to teach students to look closely and question logically about the American political process.

Updated in its 11th edition, Understanding the Political World offers a comparative perspective on how politics works at the global, national, group, and individual level. Focusing on how fundamental concepts in political science relate to real political events, this bestselling text surveys political behavior, systems, and processes throughout the world and asks students to evaluate and apply this knowledge. Through an engaging writing style, numerous examples, and the instructive use of visuals, Understanding the Political World encourages readers to think like political scientists and to critically examine new and enduring political realities and challenges.

"The Struggle for Democracy" offers students the tools they need to critically analyze our political system and make judgments about how well our government works. Taking a fresh approach to common American government topics, authors Edward Greenberg and Benjamin Page provide an analytical framework for understanding how politics and government work, and encourage students to consider the questions 'How democratic are we?' and 'Can government do anything well?' In order to boost student engagement with key concepts, the 2016 Election Edition incorporates coverage of contemporary issues that dominate today's headlines, as well as the most up-to-date data." --from publisher's website.

On the tenth anniversary of the Septemr 11, 2001 terrorist attacks, David Ray Griffin reviews the troubling questions that remain unanswered 9/11 Ten Years Later is David Ray Griffin's tenth book about the tragic events of September 11, 2001. Asking in the first chapter whether 9/11 justified the war in Afghanistan, he explains why it did not. In the following three chapters, devoted to the destruction of the World Trade Center, Griffin asks why otherwise rational journalists have endorsed miracles (understood as events that contradict laws of science). Also, introducing the book's theme, Griffin points out that 9/11 has been categorized by some social scientists as a state crime against democracy. Turning next to debates within the 9/11 Truth Movement, Griffin reinforces his claim that the reported phone calls from the airliners were faked, and argues that the intensely debated issue about the Pentagon—whether it was struck by a Boeing 757—is quite unimportant. Finally, Griffin suggests that the basic faith of Americans is not Christianity but "nationalist faith"—which most fundamentally prevents Americans from examining evidence that 9/11 was orchestrated by U.S. leaders—and argues that the success thus far of the 9/11 state crime against democracy need not be permanent.

Reflections on Citizenship and Multiculturalism in Contemporary Western Liberal Democracies explores the classical understanding of citizenship in dialogue with liberal contractual theorists and multicultural theorists in an effort to understand the complexity and diversity of perspectives on citizenship.
