Three women's lives are about to change because of a few delicate pieces of china... When Jenny Davis comes across a beautiful vintage tea set at an outdoor market in the English countryside, she's convinced it's fate. A young bride on a budget, she has her heart set on a vintage tea-party theme for her wedding—and the gorgeous gold-rimmed china before her is perfect. There's only one problem. Two other women have fallen in love with it, too. So they come up with a solution: They'll share it. They establish a sisterhood, sharing the ups and downs of their lives—from broken hearts and weddings, to family drama and career dreams. When a figure from Jenny's past threatens to ruin her big day, Alison's teenage daughter pushes her to the limit, and Maggie's romantic life is thrown into turmoil, the members of the Vintage Teacup Club band together—proving their newfound friendship will last a lifetime.

In a melding of the fun style of the 'Style Me Vintage' series with a traditional cookery book, Style Me Vintage: Tea Parties is a vintage and thematic take on a traditional afternoon tea book. The current trend for retro styled events and afternoon tea parties is as much about styling as it is about food and drink and this book will show you just how to achieve your own perfect event. Split into themed tea parties, it will show how to create your tea party: dress your table, decorate your room, do your invitations, costume suggestions, and offer key recipes for food and drink within each theme. Themes include: a Victorian Tea Party (lace aplenty and dainty cakes), an Edwardian Breakfast (country house pastries and breakfast cocktails), a 1920's Speakeasy (cocktails in tea cups and recipes for jazz babies), a 1930's Cocktail Party (silk, tweed, champagne with elegance), a 1940's Picnic (fiery ginger beer anyone?), a 1950's Street Party (bunting and finger food). With advice on scaling up into a tea party for many - or down to an intimate tea for two, you can't go wrong.

Find your route to a more sustainable lifestyle with Dick Strawbridge and his son, James. We can all take steps to reduce our carbon footprint and be more self-sufficient. For some, that might mean heading to the countryside to live off the land. For the rest of us, the reality might involve smaller, but no less important, lifestyle changes: cutting back on plastic or food waste, growing vegetables, preserving meat and fish, preparing jams and chutneys, baking sourdough bread, making your own plant-based milk, or keeping a chicken or two. Dick and James Strawbridge know what it's like to make these changes. Between them, they've lived on a smallholding, in a terraced house, and even a chateau. In this updated edition of Self-Sufficiency for the 21st Century, they share everything they've learned and give you the tools you need for a more rewarding and environmentally conscious life.
