Theoretical Criminology: SAGE Journals
Criminology is the study of why individuals commit crimes and why they behave in certain situations. By understanding why a person commits a crime, one can develop ways to control crime or rehabilitate the criminal. There are many theories in criminology. Some attribute crime to the individual; they believe that an individual weights the pros and cons and makes a conscious choice whether or ...

Criminology - Criminology - Sociological theories: The largest number of criminological theories have been developed through sociological inquiry. These theories have generally asserted that criminal behaviour is a normal response of biologically and psychologically normal individuals to particular kinds of social circumstances. Examples of these approaches include the theory of differential ...

Criminology - Sociological theories | Britannica
In criminology, examining why people commit crime is very important in the ongoing debate of how crime should be handled and prevented. Many theories have emerged over the years, and they continue to be explored, individually and in combination, as criminologists seek the best solutions in ultimately reducing types and levels of crime. Here is a broad overview of some key theories: Rational ...

Criminology and Evolutionary Theory. Russil Durrant, Tony Ward, in Evolutionary Criminology, 2015. Abstract. Criminology has been a recognized field of scholarly inquiry for more than a century. Even so, our understanding of crime and its causes could be enhanced by consideration of the more distal causes of criminal behavior, an analysis that remains largely unrealized to date. One approach ...

Criminology - an overview | ScienceDirect Topics
Integrative criminology reacts against single theory or methodology approaches, and adopts an interdisciplinary paradigm for the study of criminology and penology. Integration is not new. It informed the groundbreaking work of Merton (1938), Sutherland (1947), and Cohen (1955), but it has become a more positive school over the last twenty years (see Messner 1989). The problems. The conceptual ...
